APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion, manner of use and place of use of a portion of the waters of the Truckee River as heretofore granted under Permit 16904, Certificate 4549, which changed the point of diversion of Claim No. 390, and of a portion of Claims 387, 388, 394, 395, 396 and 397, of the Truckee River Decree is issued subject to the terms and conditions imposed in said decree, with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.843 cubic feet per second, but not to exceed 114.78 acre-feet as decreed.

Work must be prosecuted with reasonable diligence and be completed on or before:
